

Admission Visitor FAQs

Denison continues to closely monitor the COVID-19 situation and follows local, state, and national health organization guidance. The safety of our community members and visitors is of the utmost importance. Please note that as the situation continues to develop, new information may require that we need to change or cancel your visit.

Is Denison monitoring the health of its visitors?

We will email a health self-assessment form prior to your scheduled campus visit. This form should be completed on behalf of everyone in your party. The form asks about your party's COVID-19 vaccination history, any recent symptoms, and potential recent contact with someone who has tested positive for COVID-19. We may ask visitors to reschedule based on the responses of this self-assessment.

When should I arrive for my scheduled visit?

If possible, please arrive as close as you can to your scheduled time. If you do arrive early, we recommend either waiting in your car, outside (weather permitting) or in the Burton D. Morgan Center atrium.

How many guests will I be able to bring with me?

We are not limiting the number of guests you can bring. However, to prevent possible exposure, we recommend limiting the number of people joining you for your visit.

Handshakes?

Per social distancing guidelines, we discourage physical contact. Don't worry, we won't interpret the lack of a handshake as rude!

Should I bring a mask or face covering?

To ensure the health and safety of our visitors and campus community, we require visitors to wear masks while on campus at all times while the mask mandate in Ohio is in effect. All of our admission staff will be wearing masks. Masks are available to visitors at check-in.

How will you facilitate social distancing during the information session?

The information session will be held in a location with ample space for social distancing. It is likely that other visitors will also be in the information session. We ask that visitors sit with their group members and maintain social distancing. Masks will be required

throughout the entire presentation and the space will be sanitized following the information session.

Will there be multiple families per tour?

Denison will do our best to offer individual tours for visiting families. However, there is the possibility that more than one family may be touring with a single guide during your time on campus.

How will you facilitate social distancing during a tour?

Your tour guide will be wearing a mask and will maintain a 6-foot distance. We ask that your mask be worn throughout the entirety of the tour. Immediately after the tour, we highly encourage both employees and visitors to wash their hands.

How will you facilitate social distancing in an interview setting?

We have reserved large classrooms off of the Burton D. Morgan Center atrium to conduct interviews. The interviewer and student will sit at least 6 feet apart. Both the interviewer and the student will be required to wear a mask. After each interview, we will sanitize the area.

Will there be refreshments available?

We will be offering bottled water to keep you hydrated during your visit!

Will there be dining options on-campus? In the surrounding community?

Unfortunately, we are unable to provide on-campus dining options. However, there are great restaurants in Granville! Some of our favorite spots offering take-out include Alfie's, the Broadway Pub, Day Y Noche, and Snapshots.

I woke up this morning with COVID-19 symptoms and/or realized I was exposed to the virus in the past 14 days. Will I be penalized if I cancel my visit?

Not at all. We are dedicated to the health of our visitors and staff and ask that you refrain from visiting and rest. There are always opportunities to reschedule!

What do I do if I test positive for COVID-19 within 14 days of my campus visit?

We kindly ask that you please notify the Office of Admission. We would then follow up with any close contacts from your visit to ensure they haven't experienced any symptoms

Can you accommodate individual tours and information sessions?

If you are uncomfortable with the possibility of a group information session or tour, please contact the Office of Admission to schedule your visit. We want to ensure we have the staffing available to offer a visit that you will find the most comfortable.

If you have any additional questions or concerns regarding your scheduled campus visit, please do not hesitate to reach out.
