DENISON

An aerial photograph of the Denison University campus during the "golden hour" of sunrise. The sun is low on the horizon to the left, casting a warm, golden glow over the entire scene. The campus is nestled among trees with vibrant autumn foliage in shades of orange, yellow, and red. Several large, multi-story brick buildings with white window frames are visible, along with a prominent clock tower in the distance. A green football field with a red track is in the lower-left foreground. The overall atmosphere is peaceful and scenic.

DRIVEN BY CONNECTION

A NETWORK FOR LIFE

"I was surprised by how easily and quickly you can become close to professors here. Coming from a high school of over 3,500 students, I didn't have the opportunity to forge mentorships with my high school teachers. At Denison, I sent President Adam Weinberg an email — and a week later, we sat down for a morning chat."

Embrace the challenge

Over your four years here, you won't learn what to think — you'll discover how to think. Denison students develop agility, tenacity, and curiosity about their chosen careers, their communities, and the world around them.

Our faculty won't go easy on you.
Who wants that?

It's your future, but that doesn't mean you reach it alone. Our faculty are more than teachers — they're mentors, guiding you to explore your passions and challenging you to reach your potential.

DRIVEN BY CONNECTION

Finding community

On The Hill, you'll join a diverse community with roots far beyond Granville and Columbus. Your faculty and fellow students hail from across the country and around the globe. They bring their unique talents and life experiences to Denison, and you bring yours.

You'll be challenged by these differences, but you'll find common ground — and the bonds that result will last long after graduation.
